

JANE DOE, #12345678; IF49

EMPLOYMENT

Research Assistant (Mar 06 – Nov 06) Queensland University of Technology,
Gardens Point Campus, School of Life Sciences

- Preparing chemical and biological products
- Performing instrumental analysis and evaluating results
- Ordering and inventory of supplies
- General laboratory cleaning
- Plasma, Chemiluminescence, ArrayWorx and Assay Training

The above has prepared me in the sense of understanding that research is about trial and error and that there are certain protocols one must follow to derive at the end result. Understanding this is the first step to accomplishing a successful outcome.
